BIG INCREASE IN EDMONTON'S TRADE

Figures Collected by Secretary of Board of Trade Show How City Is Progressing

BIG VOLUME OF BUSINESS

In Last Five Years Has Increased From Three to Twenty Million Dollars

Secretary Fisher of the Board of Trade stated this morning that he had noticed of late that a certain element of business men were dissatisfied with present business conditions and to find out whether the state of affairs warranted such a spirit of pessimism he had circulated sent to every wholesale house and every man in business in Edmonton, enclosing forms for replies to certain specific questions as to the number of hands employed, monthly payroll, volume of business done, increase or decrease in business, etc.

A great many of these forms, though not all, have now been returned. Those which have been returned, however, are thoroughly representative, and may safely be taken as a basis on which to estimate conditions in regard to business which have not made returns. The figures obtained are a little surprising, though the secretary expected to find a very marked increase in business.

The questions were designed particularly to ascertain the increase in Edmonton's distributing trade in the five-year period since 1905. Of all the returns received, only one does not show a very remarkable increase in volume of business. The majority of the business making returns have been instituted since 1905. The figures which were in excess at that date show an increase in volume of over 20 per cent. The total volume of Edmonton's distributing business appears to have increased from about \$3,000,000 to over twenty million dollars per annum at present.

Most of the increase in volume has taken place during the last couple of years, and the prospects appear excellent for a more marked increase in the future.

It is interesting to note in connection with the marked increase of bank clearings, these figures would appear to indicate that the trade of this city is in a remarkably healthy condition.

TEAMSTER HAD EXCITING RIDE

He Fell on the Tongue of His Dray and Horses Ran Away

W. H. Blake, a teamster in the employ of the Western Cattle Company, can boast of a new experience, that of riding straddled on the tongue of a large dray for four blocks while the horses were tearing madly down the street. The affair occurred on First street at about a quarter to twelve. The team was coming out of the lane behind the Windsor Hotel when a large box upon which Blake was sitting pitched forward, throwing him onto the tongue. At the same time the horses started off at a 240 clip. The most curious part of it is that Blake never dropped the reins, and sitting in his unique position he steered the team up First street and out of all sorts of obstacles. On one occasion the dray struck another conveyance on the line, doing a little damage. All along the line the boxes were falling off. Eventually, Blake managed to bring the team to a stop and a crowd gathered around congratulating him on his marvellous escape and on his great presence of mind. One thing is sure, that if Blake was asked to do the same thing over again, it's dollars to cents he couldn't do it. His life depended on it.

HEAVY SENTENCES IN FRAUD CASES

Men Convicted of Defrauding Government in Wolf Bounties Must Pay Big Fines

Fort Frances, Ont., June 14.—Some pretty stiff sentences were handed out by his honor Judge Fitch yesterday in the cases of those who had been found guilty in the wolf bounty fraud case. Moses Finkenstein, Winnipeg, was fined \$5,500 and one day in jail; Benjamin Levinson, fur dealer, Winnipeg, was fined \$6,000 and one day in jail. In the case of defendant of prosecution together with one day in jail. In the case of defendant of payment the judge said that both would go to the penitentiary for three years. The fines, however, will be paid.

ONLY FIVE SAVED FROM SHIPWRECK

Vessel Went Aground on the Island of Curacao During Heavy Weather

Willemsdijk, Curacao, June 14.—The government schooner Kinkerd has been wrecked on the northeast coast of Curacao. The captain, crew and passengers with the exception of four sailors and one passenger were rescued. The lost include the governor of Buenos Ayres. The Kinkerd was bound for this port from Buenos Ayres to a Dutch West Indian port on the Venezuelan coast, 30 miles east of the Island of Curacao. The ship struck during the thick weather of Sunday. The news of the disaster was brought by five survivors.

MONTREAL CRAFTERS ARE ALL SAFE NOW

For Various Reasons None of Them Are Liable to Criminal Prosecution

Montreal, June 14.—In the report which City Attorney Ethier made to the city council respecting those accused before the Cannon commission it was pointed out that there is only one against whom criminal action could be taken, namely, C. Rioux, charged with having accepted money in order to get places for firemen and policemen. The report goes on to say, however, that the present whereabouts of Rioux being unknown, it is impossible to enter court proceedings against him. In the cases of all the other employees who were charged before the commission, no action can be taken against them, the report says, as the offences they are charged with having committed, being now over two years old, and in consequence prescription can be pleaded.

The report also shows that prescription can also be pleaded by the various ex-employees who were named by Justice Cannon as having been guilty of offences. It now looks as though most of the criminal action that was taken with the scandals which were exposed before the commission and it looks as though the corporation will be out some \$30,000 the cost of the enquiry.

HIGHEST RECORD FOR AEROPLANE

Walter Brookins at Indianapolis Went Two Hundred Feet Higher Than Paulhan

Indianapolis, Ind., June 14.—Soaring to a height of 4,284 feet, Walter Brookins in a Wright airplane, broke the world's aeroplane record for altitude at the national aviation meet at Indianapolis speedway. Brookins' high flight exceeded the record of 4,065 feet made by Paulhan at Los Angeles, Cal., last fall.

FLOOD SWEEPS VILLAGES AWAY

Two Hundred Persons Lost Their Lives Along Valley of the River Ahr

DAMAGE IS TREMENDOUS

Whole Villages Were Destroyed and the Railway Lines Were Washed Away

Cologne, Germany, June 14.—It is estimated that 200 persons lost their lives in a flood that swept the valley of the river Ahr in the Eifel region. Eighty-seven bodies were recovered today. These were found along the river banks tossed high by flood or left stranded as the waters subsided. Reports received here today say that fifty lives were lost at the village of Schult in the bridge which was crowded with persons watching the turbulent waters was carried away. Throughout the valley only one bridge is left standing. The floods were caused by the heavy rain which for days caused the river to break its bounds. A cloud burst Sunday night choked the valley with water, drowning every living creature and causing immense loss. Two baracks in which Italian and Croatian laborers were housed were swept away and the occupants drowned. The railway was washed out and several villages destroyed. The lightning which accompanied the rain did much damage. The flood subsided yesterday.

CONTRACTS LET FOR HOSPITAL

They Are Conditional on the Passing of Hospital Bylaw on Monday

The contract for the construction of Edmonton's new city hospital was awarded last night to the Cunnell Spencer Construction Co. The hospital when completed will cost in the vicinity of a quarter of a million dollars. The Cunnell Spencer company will do the general construction work. Their figure was \$750,000. The plumbing contract has been awarded to F. M. Morton and Company for \$8,500. Of course both these contracts are conditional upon the passing of the bylaw next Monday, which authorizes the city to give its share of the cost of the hospital.

The hospital board, composed of President A. C. Fraser, Vice-President K. W. McKenzie, G. B. E. Kinkaid, T. M. Turnbull, Ald. J. D. Hyndman, Ald. J. E. Landy, S. W. Candy, Ald. G. S. Armstrong, E. C. Bowker, A. B. Campbell, A. E. May and J. A. McDougall, M.P., have agreed to let the contract to the firm of Messrs. J. D. Brierley and Fred. Abraham, of the Herald directorate, was valued at \$90,000, with \$72,000 insurance. The loss in each case is complete with the possibility of slight salvage.

FIRE CAPTAIN HAS BURN'S SIGNATURE

Interesting Souvenir of the Great Scottish Poet Is Owned by Edmonton Man

In connection with recent press notices which stated that certain letters of Robert Burns, the famous Scottish poet, were sold to an English museum for high prices it is interesting to note that there hangs in the office of the captain of No. 3 fire station an original of a transfer of property written and signed by the poet. The transfer is dated July 22nd, 1786, and is some years older than those recently sold. It was made on the eve of the poet's departure for the continent and was in favor of his brother Gilbert Burns.

CLARESHOLM CROPS NEED RAIN BADLY

Cresholm, June 14.—There is no use trying to blink the fact that considerable anxiety exists among the farmers as to the outcome of the crop and the effects the drought may have on it. So far the crop looks green and healthy but how long this will last is problematical. Talking to an old timer who has lived on the Cresholm for years, the writer was informed by this party that he had never seen the pasture so dried up before. The intense heat of the last two days may, however, bring the needed moisture, and it is much to be hoped that it will. It ought to come within ten days to be much good.

JAMES CHAPMAN ESCAPES CUSTODY

Got Away From the Oklahoma Sheriff Near the United States Boundary

WAS AFRAID OF LYNCHING

Negro Feared Stillwater People Would Not Wait to Give Him a Trial

James Chapman the self-confessed murderer, who was being taken to Stillwater, Oklahoma, made his escape yesterday afternoon near the northern boundary of North Dakota, from the sheriff's car whose charge he was. Official information to this effect was received at the Mounted Police barracks here this morning, and the city police had at once notified of the fact.

Although no particulars regarding the escape have been received, it is supposed that the negro must have broken away from Sheriff Fox while on the moving train. All stations of the R. N. W. M. P. have been notified to be on the lookout for Chapman in case he should attempt to return across the border. Some of the mounted police are inclined to believe, however, that the negro has had enough of Canada, and will attempt to make his way to the southern states in the hope of losing himself among his brethren.

The various trips of Sheriff Fox to Edmonton in connection with securing the extradition of Chapman, have cost the state in the neighborhood of \$200, and if Chapman succeeds in making good his escape all this money will have been wasted not to mention the expenses of the various court trials here.

It will be remembered that Chapman was taken from Edmonton last Saturday in charge of Sheriff Fox. Contrary to the usual custom, the prisoner was not accompanied to the border by an escort of the Mounted Police, as the extradition papers called for his delivery to the United States authorities here in Edmonton.

When the sheriff left here with his prisoner, it was expected that he would have quite a lively time with the negro, as Chapman has been in mortal dread of being taken back to Stillwater, owing to his fear of getting summary justice at the hands of the Oklahoma people. The sheriff himself expected that Chapman would prove a refractory prisoner, but did not think that the negro would be able to escape his vigilance long enough to make his escape.

WOMAN MAY FLY IN AEROPLANE RACE

Miss Alice Potter of Chicago Wants to Take Part in Great Contest

Chicago, June 14.—Even women may fly in the Chicago-New York aeroplane contest for the \$25,000 prize which is being raised as an inducement to the aviators for making new distance and speed records. James E. Plew, vice president of the Illinois Aero club, announced yesterday that one woman has written to him asking to be enrolled among the contestants. The woman is Miss Alice Potter, 118 Chicago street, Elgin, Ill. Mr. Plew said yesterday that the miles will not bar women if there are any who want to fly for the prizes. 'Miss Potter gained notice as an automobile driver when she set a record for a run from Chicago to New York. Since then she has been able to pilot an automobile over the roughest of roads she believes she is able to operate the motor of a flying machine. Of course Miss Potter will have to demonstrate her ability to keep an aeroplane in the air for one hour continuously. This is the rule governing all entries.

Cruel Swindle Perpetrated by Men Posing as Representatives of Steamship Companies

Wilna, Russia, June 14.—A party of 130 peasants from the village of Lida, who started early this spring for America, have returned from Amsterdam at the expense of the Russian consul, the professed emigration agents who arranged their passage having reduced them to beggary. They sold out their entire possessions here to raise money for the trip, paid \$65 each to an agent who provided them with tickets to Amsterdam but failed to meet them there with the necessary steamer tickets.

WINNIPEG DIRECT NEXT SEPTEMBER

Daily Local Service Has Recently Been Started Between Hardisty and Wilkie

A daily local service has been instituted on the C. P. R. between Hardisty and Wilkie. This is another step in the direction of through service from Strathcona to Winnipeg via Weyburn and Hardisty. It was expected at first that the through train would be running by July, but this has been found to be impossible now, and it will be September before this service is put on. The passenger department is waiting until the ballast is all done and the track in good shape before they start running fast through trains over it.

RETURN FLIGHT WAS A SUCCESS

Charles Hamilton Flew From Philadelphia to New York in Record Time

New York, June 14.—Clas. Hamilton, aviator from Governor's island yesterday in an aeroplane, and sped without a break eight miles to Philadelphia in a remarkable cross-country flight, under the auspices of the New York Times and the Philadelphia Public Ledger. He made the trip in one hour and 51 minutes. He started for New York again with only a brief intermission for food, fuel and oil. He had flown approximately seventy miles of his return journey when a sluggish motor drove him to descend in a swamp near South Amherst, N.J., at 12:55 p.m. The propeller was broken in landing, but after repairs had been made, Hamilton resumed his flight at 6:30 and landed at Governor's island at 6:30. The return trip was made in one hour and 36 minutes at an estimated speed of 5,496 miles an hour, which breaks the record.

Details of the affair did not become known until last night. Dynamite was smuggled into the cell of Edward Brockman and was touched off, but the explosion did little damage.

ANGELICAN SYNOD NOW IN SESSION

Bishop Recommends Formation of a New Diocese With Edmonton as Centre

FINE PROGRESS REPORTED

Bishop Said That Something Should Be Done to Increase Stipends of Clergy

Calgary, June 14.—The annual session of the Calgary synod opened here this morning when the Bishop of Calgary delivered his annual address. He praised the work in Edmonton, urged the building of a cathedral here, that the clergy be given larger salaries and that a northern diocese be established.

In part he said: "It is worthy of notice that Christ Church, Edmonton, became self-supporting from the time of its erection as a parish, while St. Cyriacs Lethbridge, began to pay in full the stipend of its rector within three months of its formation. To this splendid record, one parish at least, St. Barnabas, Hillhurst, Calgary is to be added on the first of July. I regret that Wetaskiwin and Lacombe are still waiting. St. Andrew's rector has resigned the resignation to take effect not later than August 1st, and that some important missions are still unfilled.

"In 1908, new churches were built and dedicated at North Bank, Rosedale Creek and Didsbury. St. Stephen's, Calgary and St. Augustines, Lethbridge, were enlarged. St. Augustin's providing itself with a new parish hall, and the schoolroom of All Saints', Edmonton was enlarged and improved. In the same year, new churches were provided at Millerville, Tofteld, North Bank, Vegreville and the Pigeon mission.

"During 1909 churches were built at Grinnam, Sarcee reserve, Calgary, St. Michael's, Edmonton, Christ Church, Strathcona, in part, Strathmore, Lundbreck, Cowley, Penhold, Rimbey, Bentley, Camrose, in part, and with no outside help, Lamont, Bittern Lake, Cooking Lake and Stettler. The churches dedicated during the year were, All Saints, Grinnam, St. Barnabas, Sarcee reserve, Christ Church, Edmonton, St. Michael and All Angels, Calgary and St. Chad's, Lundbreck. "Rectories were provided in St. Stephen's, Calgary, St. Mary's, Lethbridge, St. Mary's, Lethbridge, St. Michael and All Angels, Lamont, St. Adams, Cowley, All Saints, Castor, Christ Church, Good Hope and St. George's, Stettler, as well as new Sunday school and parish hall in St. Barnabas parish, Calgary.

"During the last month, by the sale of two lots owned by the parish, the debt on the pro-cathedral was paid in full and I had the great joy and satisfaction of consecrating it on the evening of Trinity Sunday. I have also consecrated St. Andrew's, Church, Gladys, St. Bonan's Church, Dinton, and the cemeteries at Gladys, Nanton and Ghost Pine.

"The church and parsonage at Pine Creek have been moved to Devotion station and St. Mary's mission church, Lethbridge, has been moved to a new site in a more central part of that rapidly growing city.

"I have licensed Rev. Lloyd as the head, and other clergy as associated members of the Edmonton mission of the Archbishop's Fund. I have assigned them a district in the northeast part of Edmonton, north of St. Paul parish, to be known as parish of St. Faith. They also are undertaking, for the present, the visiting and the services in the parish of St. Andrew and are preparing to start services at Calder to the northwest of Edmonton. I have assigned to them portions of the diocese to the west and north-west, including the mission in which Mr. Edwards has been working for the past year and northwestern half of the mission where Mr. Herbert has been so strenuously and successfully engaged, still leaving him Hatterberg.

TOM LONGBOAT TO RACE AGAIN

The Redskin Is Anxious to Hook up With Frank Nebrieh, the Buffalo Distance Man

Buffalo, June 14.—Sol. Mintz, manager for Tom Longboat, the Indian runner, sends from Hamilton a challenge to Frank Nebrieh, the Buffalo boy. Mintz writes:—
"For some time, in fact, ever since the fifteen mile race in Buffalo, in which Nebrieh finished second, we have been hearing that your local boy was to meet Longboat again. Just say for me that Longboat is now getting in form for the big race in New York on July 21, that his so-called lapses from the straight and narrow path have been greatly exaggerated, and that he hereby challenges Nebrieh to run him a match race of twenty miles either in Hamilton or Buffalo. Nebrieh should not quibble over this distance, for his race against the bunch showed that he could go fifteen miles and finish with a spare. If Nebrieh thinks well of this, let's hear from him, and if he doesn't, let's hear no more talk of his running against Tom."
"If Tom Longboat is so anxious to air his legs in a match with me," Sol. Mintz declares, "let Frank Nebrieh, a 22-word telegram the other day, replying to the challenge issued by the Hamilton man on behalf of the redskin, then he cannot make it too soon, but I want someone to say about the distance myself."
"Let Longboat make it 15 miles and he can have a side bet of \$500. And, incidentally, you might say that if Longboat wants to race 'me' he will have to post an appearance forfeit, or he might just as well stop fooling about a match, for I won't start to run a lick until I see the color of his money up."

WHAT DELANY THOUGHT

Four Gotham sportsmen sent James J. Jeffries' former trainer, Billy Delany, a 22-word telegram the other day, which began accusingly, "New York wants Jeffries to win." This was followed by an offer to guarantee the old trainer of prize-fighters \$500 for handling Jeffries in preparation for his coming fight with the "smoke."
Delany's answer was "Not for Manhattan Isle," he began. "I quit Jeffries for welching on a gambling debt and running out on the sportsman's match. Jeffries has selected a good training staff and can get along without me. From a white man's standpoint I admire the stand you take, but I could not conscientiously have any dealings with James J. Jeffries." "Billy Delany."

T. C. C. BEAT U. C. C.

Port Hope, Ont., June 13.—The annual match between the Upper Canada College and Trinity College School was played yesterday on the grounds in Port Hope. Trinity College School won in an undisputed game on the result of the first innings. Upper Canada batted first, and was dismissed for a total of 49. The visitors were unfortunate in losing several of their batsmen on strokes that ought to have gone to the boundary. T. C. S. replied to this score by an innings of 73, of which Conyers made 45 by hard hitting. Conyers had decided on hitting tactics, and he up to 45 for the loss of five wickets. Woods played fine cricket and scored 40, not out. U. C. C. then declared their innings closed, and faced the task of dismissing their opponents in 15 minutes. When time was called they had six of the ten wickets down for 13 runs. T. C. S. then won the match by blocking against time.

Once when Joe Cantillon was an arbitrator in the American League, he asked Comiskey one day for a couple of minutes for the afternoon's game. "What do you want with them?" asked Comiskey. "Oh, I have a couple of friends that want to go." "Well, this is the first time I ever heard of an umpire having any friends and you are welcome to the passes."

Sixteen bank clerks have already signified their intention of joining.

A British Columbia provincial constable arrived in the city last night having in charge Frank Bigelow, who has been sentenced to serve twenty-three months in Kamloops jail for his stealing. The constable leaves this afternoon with his prisoner. The St. John, B.C., and two months were consumed on the journey.

A party of twenty-two American settlers, in charge of Mr. W. M. Kennedy, of the International Realty Co., Strathcona, arrived in the city last night via the G.T.P. The men have among them considerable capital and many have already purchased land in the vicinity of Holden, the train stopping there in order to permit an inspection of the land.

A special meeting of the Caledonian Amateur Athletic Association will be held on Wednesday at the Pipers' Hall, McDougall avenue, at 8.30. The business is important and all members are requested to be present, especially intending competitors in the trial sports. The following clergy and laymen left last night to attend the sessions of the Anglican Synod of the diocese of Calgary, which are taking place in Calgary this week: All Saints' Church, Ven. Archdeacon Gray, Canon Webb, E. C. Emery, G. R. F. Kirkpatrick and E. C. Pardee; St. Paul's Church, Rev. H. H. Sumners and T. F. Swallow; Christ Church, Jas. Henderson; unattached, Rev. W. G. Boyd.

Messrs. S. G. Cartwright and F. A. Baxter left the city today for Grand Prairie with the intention of taking up land somewhere in the Peace River district. They are going without a guide. Very little baggage will be taken as they intend to return to Edmonton after locating and take provisions back with them for the winter. From Athabasca Landing the route of the party is uncertain but the water route from Lesser Slave Lake will probably be taken.

ELECTRIC LIGHT REPORT.

The report of the electric light department for the month of May, which is just issued, shows an increase in every branch. There were 165 incandescent light services connected, and 108 discontinued, making an increase of 57. There were 1,408 sixteen-candle-power lamps installed, and 865 disconnected, an increase of 513. In the power branch of the department, 8 motors have been installed and 3 disconnected, making an increase of 38 horse-power of electrical energy consumed.

The department that has charge of domestic electrical appliances has done remarkably well during the month. The following articles were sold: 65 irons, 7 stoves, 8 toasters, 1 toaster stove, 2 cereal cookers, and several other appliances. Five arc lamps were also installed.

THE BILL AT THE EMPIRE.

The Zancigs, who are appearing the first half of this week at the Empire Theatre, are somewhat of a sensation. Mr. and Mrs. Zancig have developed to a wonderful degree the power of mental telepathy that is latent in nearly everyone. "Two Minds with but a Single Thought," is the way they style themselves on the programme, and it is just about the truth. "Everything that I see, Mrs. Zancig sees, and everything that I think, Mrs. Zancig thinks," said Mr. Zancig, in explaining their act. To prove this, Mr. Zancig went down through the audience, and anything that was shown him, the lady on the stage could at once name. In one instance a young lady asked that her hand bag be used as a test.

"What is in it?" asked Mr. Zancig. "A dollar bill, a twenty-cent piece, a small purse, a handkerchief and a powder puff," was the instant reply, and the young lady blushed while the audience laughed.

George W. Day makes a very amusing black face comedian, and the Three Juggling Millers, with Indian clubs, and the Martin Brothers, comedy acrobats, are good.

A tremendous voice and a pretty figure seem to be the only qualifications that Miss Sophie Tucker has for appearing in the spot light. Her songs could be greatly improved upon. They are not up to the Empire standard.

A.M.R. LEAVE FOR CAMP.

The Edmonton, Strathcona, St. Albert, Morinville and Fort Saskatchewan squadrons of the 10th Alberta Mounted Rifles entrained at Strathcona last night at eleven o'clock en route to Calgary to attend the military camp. The horses were conveyed on a later train.

A feature of this year's camp is the inspection of the troops of No. 13 district by General French, which will take place on June 24th. It is expected that about 1,300 troops will be under canvas.

The routine of the drills has already been drawn up. It will commence with dismounted squad and troop drills working up by stages to regimental and finally brigade drill. The last day of the camp will be devoted to field tactics and it is probable that a big sham fight will take place. Instruction in musketry will take up the time of the troops at different times.

ST. GEORGE'S SOCIETY SMOKER.

Who was St. George? Mr. G. W. Boughton asked that question at a most enjoyable and successful smoker held in the Goldfollies' Hall last night under the auspices of St. George's Society. Mr. Boughton was down on the programme for a song, but in place of it he gave a most eloquent address concerning the patron saint and the influence of St. George exerts at the present day over the whole Empire.

"The Royal St. George's Society is not a secret society," said Mr. Boughton. "It is in existence for all those who need its help."

"The crimson badge of courage which runs through this dear old Empire, and which coursed through the veins of our forefathers, prompting them to do the things they did on the battlefield and elsewhere through a thousand years will lead them on to do more than all the secret societies in the world."

"When Demosthenes spoke, everybody said, 'What a fine orator.' But

when Cicero spoke, they said, 'Let us go and fight.' The latter is the spirit of St. George, and when he has that influence over us we do not care who he was or where he came from."

Besides Mr. Boughton's eloquent speech there was a splendid vocal and instrumental programme, which was as follows:

Pianoforte solos, Mr. R. Moses, Mr. Byrne, Mr. Barford; songs, Messrs. Watson, Farrington, Chadwick, Stanton, Mountfield, Sewell, Heathcote, Turner, Stutchbury, Williams, Bloor, Ambler and Edwards.

President A. W. Chaffland occupied the chair.

SASKATOON BENEFITS.

Saskatoon, June 14.—Within less than a month the Grand Trunk Pacific will be putting on a fourteen-hour service between this city and Winnipeg. The fact that eight hours' time will be cut off the present service to Winnipeg means a great deal to the people who use the G.T.P. in travelling to Winnipeg.
